

Muhammad Abdul Rehman Azhar

BS Computer Science Student | Co-Founder of EVclave

[About](#)[Education](#)[Skills](#)[Projects](#)[Contact](#)

About Me

I am an AI-focused BS Computer Science student at COMSATS University Islamabad. I enjoy building workflow automations and software projects. I am the Co-Founder of EVclave and the Co-Founder & Chief Organizer of GDSMUN, where I led a team of 100+ volunteers.

Education

Qualification	Institute	Year	Result
BS Computer Science	COMSATS University Islamabad	2024 - Present	In progress
A Levels	The City School, Gujranwala	2022 - 2024	A, B, B, C
O Levels	Lahore Grammar School, Gujranwala	2020 - 2022	6A*, 1A, 1B

Skills

- **Languages:** Python, Java, C++, JavaScript, HTML, CSS
- **Databases:** SQL, PostgreSQL
- **Web Stack:** PERN (PostgreSQL, Express.js, React.js, Node.js)
- **Automation:** n8n, Make, Zapier
- **AI:** Prompt Engineering, AI-Assisted Development

Projects

Barber Appointment Booking Automation (2026)

An n8n workflow that books appointments through email and WhatsApp and sends follow-up reminders.

Event Management Platform (2026)

An event registration and scheduling system built with the PERN stack.

Medical Symptom Diagnosis Expert System (2026)

A rule-based expert system in Python that maps symptoms to diseases.
